

CNLICA242 Grading Guide – Presentation			Assessment Criteria		
Grade	%+, %o, %-	Keywords	40% Research: breadth and depth of research and sourcing of good information is demonstrated.	40% Narrative: A suitable level of appropriate language relevant to the subject matter.	20% Presentation: an ability to present which is professional in its communication and visual elements.
A+	100, 97 , 95	Outstanding Independent Innovative Exceptional	A+: Outstanding breadth and depth of research interrogation using an exceptional range of creative methods and research tools to present innovative information.	A+: Exceptionally cogent arguments utilising technical, specialist and conventional vocabulary. Outstanding clarity through exceptional fluency and an ability to present eloquently.	A+: Exceptional visual design and presentation. Outstanding creativity and innovative use of sourced and self-generated visual elements to support spoken content. Exceptionally engaging presentation.
A	94, 92 , 90	Excellent Ambitious Comprehensive Accomplished	A: Excellent breadth and depth of research interrogation using an ambitious range of creative methods and research tools to present comprehensive information.	A: Ambitiously cogent arguments utilising technical, specialist and conventional vocabulary. Excellent clarity through accomplished fluency and an ability to present eloquently.	A: Excellent visual design and presentation. Accomplished creativity and ambitious use of sourced and self-generated visual elements to support spoken work. Ambitiously engaging presentation.
A-	89, 87 , 85	Rigorous Reasoned Methodical Significant	A-: Rigorous breadth and depth of research interrogation using a methodical range of creative methods and research tools to present significant information.	A-: Rigorously cogent arguments utilising technical, specialist and conventional vocabulary. Methodical clarity through significant fluency and an ability to present eloquently.	A-: Reasoned visual design and presentation. Rigorous creativity and significant use of sourced and self-generated visual elements to support spoken work. Significantly engaging presentation.
B+ B B-	84, 80 , 75	Very Good Controlled, Relevant Coherent, Critical Appropriate	B: Very good breadth and depth of research interrogation using a coherent range of creative methods and research tools to present appropriate information.	B: Very good arguments using technical, specialist and conventional vocabulary. Coherent clarity through appropriate fluency and an ability to present coherently .	B: Very Good visual design and presentation. Appropriate creativity relevant use of sourced and self-generated visual elements to support spoken work. Very good and engaging presentation.
C+ C C-	74, 70 , 65	Good, Clear Competent Reflective	C: Good breadth and depth of research interrogation using a competent range of creative methods and research tools to present clear information.	C: Good arguments using technical, specialist and conventional vocabulary. Competent clarity through clear fluency and an ability to present competently .	C: Good visual design and presentation. Competent creativity and clear use of sourced and self-generated visual elements to support spoken work. Good and engaging presentation.
D+ D D-	64, 62 , 60	Satisfactory Reasonable Superficial	D: Satisfactory breadth and depth of research interrogation using a superficial range of creative methods and research tools to present reasonable information.	D: Satisfactory arguments using technical, specialist and conventional vocabulary. Reasonable clarity through superficial fluency and an ability to present satisfactorily .	D: Satisfactory visual design and presentation. Superficial creativity and reasonable use of sourced and self-generated visual elements to support spoken work. Satisfactorily engaging presentation.
Refer	59, 53 , 45	Marginal Rudimentary	F: Marginal breadth and depth of research interrogation using a rudimentary range of methods demonstrated.	F: Rudimentary arguments using appropriate vocabulary. Marginal clarity in presentation.	F: Rudimentary visual design and presentation. Marginal creativity and marginal use of sourced and self-generated visual elements to support spoken work. Rudimentary in engaging the audience.
	44, 38 , 30	Insubstantial	F: Insubstantial breadth and depth of research interrogation. Insubstantial range of methods demonstrated.	F: Insubstantial arguments. Insubstantial clarity in presentation.	F: Insubstantial visual design and presentation. Insubstantial engagement with the audience.
	29, 23 , 15	Insufficient	F: Insufficient breadth and depth of research interrogation. Insufficient range of creativity demonstrated.	F: Insufficient evidence. Insufficient clarity in presentation.	F: Insufficient visual design and presentation. Insufficient engagement with the audience.
	14, 8 , 0	Deficient	F: Deficient breadth and depth of research interrogation. Deficient range of methods demonstrated.	F: Deficient clarity in presentation.	F: Deficient visual design and presentation. Deficient engagement with the audience.
